

Lowest Price. Extreme Precision. Premier Performance.

TECHNICAL DATA SHEET

PalmaOil 3

DESCRIPTION:

PalmaOil 3 is a spindle oil formulated for high-speed spindles and bearing applications.

PalmaOil 3 is compounded to give excellent wear and oxidation resistance and prevents rust formation. A low pour point provides service for cold weather applications. PalmaOil 3 rejects oil and resists foaming.

TYPICAL SPECIFICATIONS:

ISO VISCOSITY GRADE	2
SPEC. GRAVITY	0.820
FLASH POINT	230
POUR POINT	-20
COLOR	1.0

BENEFITS:

- Lubrication of high-speed spindles
- Oxidation resistance
- Rust and corrosion protection
- Effective water separation
